Double Pink Weeping Peach			
Queen of Hearts - This beautiful small tree does not droop as full as much as the red or the white varieties, but has more of a spreading pendulant habit which gives a superbly artistic effect. The blooms are fully double and a clean, sparkling, pure pink closely set on twisting arching branches, creating a picture that you will long remember. This little tree even when not in bloom is most pleasing to look at. We are sure you will highly enjoy this in a choice spot in your garden or perhaps as an isolated specimen on the lawn.
